1	Protect lives and min	nimize injuries from hazard even	its.					
Benefit Cost	Time Frame	Hazards Addressed	Description	Offices Responsible	Funding	Update	2023 Update	2023 Status
Medium	1-2 years	Flood	Construct retention and channel modification projects (Alumni Drive).	Facilities Management	Grants Internal External	Check FCR and Board approvals for details. Can remove.	Complete.	Removed.
High	3-5 years	Applicable to All Identified Hazards	Install Generators at identified university facilities.	CMP Physical Plant Division College of Agriculture	Internal External	Distinguish between full-load generators and partial- load generators, understand capabilities of full-load and where needed, including residence halls. Add to agenda for capital construction projects. Facilities Management will be responsible for this action.	Generators are being installed. This action has been updated to included documenting the type of generator and need in the 2023 plan update.	Mitigation Actions 3 and 29
Very High	As Needed	Forest Fire	Conduct fuel break restoration (4-H camps).	College of Agriculture	Internal	Fuel break restoration needs to continue at all 4-H Camps	This action is an ongoing need and is included in the 2023 plan update.	Mitigation Action 18
Very High	When Needed	Severe Storm Tornado	Identify NWS approved shelters/FEMA safe rooms within new and existing buildings.	CMP EHS	Internal	Process/plan to update BEAPs across campus. EHS and UKPD to coordinate on new action.	This action is an ongoing need and is included as an updated action in the 2023 plan update.	Mitigation Actions 8 and 21.
High	2-4 years	Earthquake Severe Storm Tornado	Build storm shelters/safe rooms for 4-H camps and apply seismic retrofits to Western KY 4-H camps near the New Madrid fault.	CMP College of Agriculture CPM	Internal External	Safe rooms are included in the project, College of Agriculture is the lead.	This mitigation action is project related is included in the 2023 plan update.	Mitigation Actions 18 and 19
High	When Needed	Applicable to All Identified Hazards	Identify and procure additional warning communication systems (digital media boards, network pop-ups, voice- over IP, etc.).	MP Office for Student Success Housing	Internal External	explore using digital signage boards to display messages during emergency,	See Mitigation Action 13.	Mitigation Action 13
High	When Needed	Severe Storm Tornado	Identify areas and pursue safe room construction.	CMP College of Agriculture	Internal External	Safe room needs to be built and confirm funds availability, other farm locations need a safe structure for severe weather, clarify difference between two safe room/shelter actions; determine where true safe rooms are needed.	Once funding and appropriate available space is identified, design and construction safe room at UKREC locations	See Mitigation Actions 18 and 19
Medium	3-5 years	Karst/Sinkhole	Conduct assessment, monitor and incorporate structural designs and new construction requirements for areas susceptible to subsidence including non-campus facilities.	CMP CPM Facilities Information Service Facilities Management GIS Kentucky Geological Survey	Internal	Due to the nature of ongoing development construction, this activity will continue, FM will lead this effort.	This mitigation action is included in the 2023 plan update.	Mitigation Action 4
2	Protect university pro	operty, organizational informat	ion, and research from hazards and threats.					
Benefit Cost	Timeframe	Hazards Addressed	Description	Office Responsible	Funding	Update		
High	When Needed	Severe Storm	Install Lightning Protection for campus buildings.	Facilities Management	Internal	Included, continue for new buildings and evaluate for whole building renewals	This mitigation action is revised in the 2023 plan update.	Mitigation Action 5
Medium	3-5 years	Hailstorm Severe Storm Severe Winter Storm Tornado	Re-do utility lines at all 4-H camps throughout the state so that they are underground.	College of Agriculture	Internal External	Included, continue to pursue underground utilities at all 4-H Camps	This mitigation action is included in the 2023 plan update.	Mitigation Action 19
Medium	3-5 years	Applicable to All Identified Hazards	Identify location and secure funding for new police department.	СМР	Internal External	Included	This mitigation action is included in the 2023 plan update.	Mitigation Action 6
Medium	3-5 years	Flood	Construct underground retention for Press Avenue watershed.	Facilities Management	Grants Internal External	Above ground detention near garage https://ukyfm.maps.arcgis.com/apps/webappviewer/in dex.html?id=d565140d8abc4aec835179e52d07c0c4 University Maintains an online map with stormwater BMPs including above and below ground storage. https://ukyfm.maps.arcgis.com/apps/webappviewer/in dex.html?id=d565140d8abc4aec835179e52d07c0c4	Complete.	Removed.
Medium	When Needed	Flood	Develop an Emergency Flood Protection Management system for UK's Good Samaritan Hospital.	Facilities Management	Unidentified		This action is revised in the 2023 plan update. See Mitigation Action item 9.	
3	Enhance existing, or	develop new university policies	and practices that are designed to reduce damaging effects from	n hazards and threats.			Mingaton Action tem 9.	
Benefit Cost	Timeframe	Hazards Addressed	Description	Office Responsible	Funding	Update		
Medium	When Needed	Applicable to All Identified Hazards	Establish procedures and guidance for Student Affairs to manage hazardous events that might affect students and campus community.	CMP Office for Student Success UKPD Operations	Internal	Office of Student Success is lead, add Housing/Auxiliary Services and EHS	Reworded	Mitigation Action
Medium	Annually	Applicable to All Identified Hazards	Schedule visit by arborist to all 4-H Camps and other Agriculture facilities in order to assess trees and provide suggestions for regular branch trimming and tree removal.	CMP Physical Plant Division	Internal	This is ongoing based on interview. Dead ash tress pose a safety concern at 4-H Camps. CAFE allocates annual funds to remove tress that could impact buildings and high traffic areas.	This mitigation action is not included the 2023 plan update since it is part of ongoing operations.	Removed.
Medium	1-2 years	Forest Fire Hailstorm Severe Storm Severe Winter Storm Tornado	Conduct tree inventory on main campus.	Physical Plant Division	Internal	Keep to maintain inventory and maintain tree health	This action is included in the 2023 plan update.	Mitigtion Action 7
Very High	When Needed	Applicable to All Identified Hazards	Complete development of Building Emergency Action Plans for all university buildings.	CMP Institution-wide	Departmental	Keep, constant activity, always building new buildings and improving BEAPs		
Medium	1-2 years	Applicable to All Identified Hazards	Require incorporation of emergency instructions into campus policies.	CMP Housing Provost Real Estate Services Fire Marshal	Internal	Add EVP-FA, remove, capture intent in other actions	Action item look at BEAPs above	Removed.
Very High	When Needed	Applicable to All Identified Hazards	Enforce current and update University Design and Construction Standards for new university-owned development.	CPM Facilities Management	Internal External	Remove because part of normal operations	This activity was removed from the 2023 Plan Update. It is part of normal operations.	Removed.
Medium	When Needed	Applicable to All Identified Hazards	Assess and recommend back-up power generation needs campus-wide.		External	Remove, roll into previous action	This is included in plan. This continues to be a need with ongoing development and redevelopment.	Mitigation Action 3
Medium	Annually	Applicable to All Identified Hazards	Assess the structural condition of all buildings owned by the University.	Facilities Management	Internal	Remove because part of normal operations	This activity is not included in the 2023 plan update. It is	Removed.
	,		, ,	•			part of normal operations.	

Very High	Annually	Applicable to All Identified Hazards	Maintain and exercise communication links and roles.	Institution-wide	Internal	Remove, intent captured in other actions	This activity is not included in the 2023 plan update. It is part of normal operations.	Removed.
Very High	Bi-annually	Applicable to All Identified Hazards	Train Campus Recreation staff and resident advisors (RA's) to respond to campus emergency hazards.	Campus Recreation Residence Life	Campus Recreation Department	Combine with action above, Auxiliary Services and Student Success to lead	,	Mitigation Action 15
Medium	When Needed	Applicable to All Identified Hazards	Provide support for Business Continuity Plan (BCP) development campus wide.	CMP	Internal	Keep, CMP still lead	This action is in the 2023 plan update.	Mitigation Action 8
Medium	Bi-annually	Applicable to All Identified Hazards	Establish Hazard Mitigation Workgroup to monitor five- year action plan and review disaster management measures.	CMP	Internal	Continue, change to maintain as living documents, rather than establish	Hazard Mitigation Workgroup will meet with the Center for Recovery and Resiliency at least annually to discuss successes and needs to implement the 2023 plan update.	Mitigation Action 33
Medium	When Needed	Applicable to All Identified Hazards	Record disaster management information in the statewide Community Hazard Assessment and Mitigation Planning System (CHAMPS).	CMP	Internal	Expectations with KYEM, Center for Recovery and Resiliency will lead	Record disaster management information with the UK Center for Disaster Recovery and Resilience.	Mitigation Action 14
Medium	3-5 years	Dam Failure	Conduct more detailed evaluation of facilities that are of 'severe' risk for dam failure and evaluate additional mitigation techniques for campus properties.	College of Agriculture Facilities Information Service (GIS) Facilities Management CMP	Internal	No impacts to UK Clery Act Campuses based on interview with CAFE and Risk Assessment results	Per risk assessment, there are no dams at this time that could impact UK Clery Act Campuses or 4-H Camps	Removed.
Medium	2-3 years	Flood	Conduct a storm water management study - Review Sanitary sewer system.	Facilities Management EHS	Internal	Add action for stormwater plan that relates to flow and volume as well as pervious and impervious surfaces, separate into two actions (stormwater and sanitary)	This action has been revised in the 2023 plan update.	Mitigation Action 9
4	Build stronger partne	rships between government, edu	ocational institutions, business, and the community.					
Benefit Cost	Timeframe	Hazards Addressed	Description	Office Responsible	Funding	Update		
Very High	When Needed Annually	Applicable to All Identified Hazards	Maintain Campus CERT Program.	CMP	Internal	Continue, improve interaction with LFUCG CERT, update refresher trainings	This action is an ongoing need and is included as an updated action in the 2023 plan update.	Mitigation Action 10
Medium	When Needed	Applicable to All Identified Hazards	Assign a member of UK Steering Committee to external hazard-related working groups.	CMP	Internal	Center for Recovery and Resiliency to participate in state committee, Office of Resilience to participate in LFUCG HMP, add EHS already participate in LEPC	This action is an ongoing need and is included as an updated action in the 2023 plan update.	Mitigation Action 11
5	Build disaster prepare	edness through mitigation educa	tion and outreach					
Benefit Cost	Timeframe	Hazards Addressed	Description	Office Responsible	Funding	Update		
Medium	Bi-annually	Applicable to All Identified Hazards	Educate on personal preparedness and usage of disaster supply kits.	CMP Housing Office for Student Sccess	Internal External	Reevaluate, make higher priority, UKPD/CMP will lead	The University continues to provide outreach to the University community.	Mitigation Action 12
Medium	Annually		Develop and distribute baseline informational materials (print, video, etc.) on shelter recommendations.	Institution-wide	Internal	Combine with shelter action above	This action is an ongoing need and is included as an updated action in the 2023 plan update.	
Medium			Maintain and update website and marketing materials for hazard		Internal	Combined with below.	Through interviews with various departments the University provides information to the University	Deleted. See new Mitiation Action 13
	Annually	Applicable to All Identified Hazards	mitigation.	CMP	internal		community through various means, including UK Now, social media, and UK Alert.	
Medium	Annually 1-2 years		,	CMP Institution-wide	Internal	Combine with above and below for overall education/outreach/communication action		Mitigation Action 13
